

**Bigger, rounder, heavier**

# SOL Nova Steel Grip Round

The SOL Nova Steel Grip Round features an uncomparable ergonomical shape that prevents fatigue in longer sessions. It additionally offers the artist a plus of up to 338% positive weight. This plus leads to a significant weight shift to the front of the machine and unmatched control in guidance.

Here is more about the SOL Nova Steel Grip Round:

- Ergonomic shape that moulds to the hand and fingers without an edge
- Increased weight for full control by shifting weight towards the needle
- Diameter: 39,4mm
- Weight: 169g / 6oz
- Compatible with: SOL Nova, SOL Nova Unlimited & SOL Nova Unlimited II
