

The perfect add-on

SOL Nova Grip

The SOL Nova Grips are the perfect extension for your SOL Nova and SOL Nova Unlimited. The Grips serve as a perfect backup and are a safe and simple solution for efficient work. For all those who need more pressure when tattooing or simply want to shift the center of gravity of their machine to the grip, we have the SOL Nova Grip Steel (144 g) new in the assortment and offer you a completely new tattooing feeling.

This is what the SOL Nova Grips can do:

- Steplessly adjustable needle depth
- Autoclavable and corrosion-free
- Diameter: 33.0 mm / 1.3 inch
- Available in 4 colors (aluminum) and stainless steel option
- Weight: 49 g/ 1.7oz (aluminum) or 144 g/ 5.1oz (stainless steel, CB520X101)
- Made in Germany
